

# #CPRsavesVR

## BE A PART OF OUR TEAM

This VR immersive experience is designed to teach you the 3 steps of Chest-Compression-Only (CPR) without hesitation.

This experience is best for anyone 13 years or older. Take 5 minutes and learn how you can BE A PART OF OUR TEAM.

### 1. WHAT YOU NEED

Smartphone + Internet

Youtube App

**\*iPhone users NEED to download the Youtube App from the App Store.**

### 2. WATCH

Go to [CPRsavesVR.com](https://CPRsavesVR.com) and click **"Launch #CPRsavesVR"**.

Video will automatically open the Youtube App

"Pause" the video so you can insert your phone into your CPRsavesVR viewer.

### 3. USE YOUR PHONE

Rotate your phone horizontally to enter fullscreen mode.

Then click on google cardboard icon on the lower right hand corner. You will notice that the screen has split in two.

### 4. SYNC

Click on the "Setting" icon at the top right corner of the screen, and select **"Switch viewer:Default Cardboard Viewer"** on the white bar.

The app will ask you to access your camera. Press "allow" to access. **Then you NEED to scan the QR codes on the right depending on your phone.**

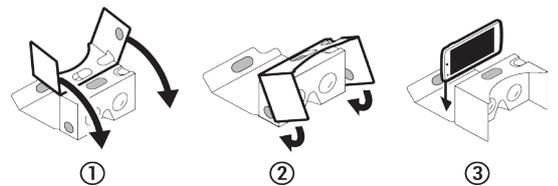

#### iPhone

#### Android

### 5. ASSEMBLE

Pull the viewer out of the sleeve, then unfold it. Remove the protective lens covers. Remove the head strap. We will not be using the head strap for this application as you could possibly risk dropping your phone out of the cradle.
